

Your clinical question answered in a day (CAT in a day)

The main focus of this session will be questions relating to exercise

Led by

Kay Stevenson, Professor Krysia Dziedzic, Professor Nadine Foster and Jo Jordan

On

Wednesday 6th April 2016 at 9am

At the Primary Care Sciences Building, Keele University

You are warmly invited to our FREE educational day specifically designed for AHPs and nurses working with patients with musculoskeletal disease:

We aim to help you find and appraise the best evidence to answer your clinically important question. The day will include searching and appraising evidence and working in small groups to draw clinical conclusions from the research. We will be using the 'critically appraised topic model'.

**To secure your place please contact Emily Brayford on 01782 733905 or e.c.brayford@keele.ac.uk
No later than 31st March 2016 . Places will be limited.**

**Car parking- Please allow time for car parking prior to arrival (Pay and Display)
Certificates of Attendance will be issued**
