

# The Biopsychosocial Management of Complex Patients with Back Pain

**Monday 19<sup>th</sup>, Tuesday 20<sup>th</sup>, Wednesday 21<sup>st</sup>, Monday 26<sup>th</sup>  
and Tuesday 27<sup>th</sup> October 2015**

**£499 per person (incl. course pack, lunches and refreshments).**

This interactive, skills based course is based on the clinically proven STarT Back stratified care approach. The course provides a brief overview of the approach and how to manage the low and medium risk subgroups and then specifically focusses on equipping physiotherapists with the knowledge, skills and confidence to manage the distressed and disabled (high risk) subgroup of patients.

**This course is aimed at practicing musculoskeletal out-patient physiotherapists.**

Gail Sowden (Consultant Physiotherapist) lead tutor

Contributions from Colleagues: Dr Jonathan Hill, Ms Helen Duffy,  
Ms Kirsty Duncan and Mr Johny Quicke.

Closing date for registration is Wednesday 30<sup>th</sup> September 2015

Maximum 40 participants
