

Learning to sustain successful change from evidence based quality improvement programmes relating to delivery of care for long term conditions

Tuesday 13th June 2017

10.00 a.m. – 2.00 p.m.
(Registration/refreshments from 9.30 a.m.)

The Studio (Escape Suite),
7 Cannon Street, Birmingham, B2 5EP
<http://studiovenues.co.uk/birmingham/>

This event will:

- Support nurse leads in primary and community care across the West Midlands to learn from others how to make successful change happen in respect of improved care of long term conditions (LTCs)
- Allow you to hear others' approaches of their innovative evaluation in delivering LTC care
- Introduce achievers to Meridian (the WMAHSN's* sharing platform) where you can share your ideas for innovation and achievement (<https://meridian.wmahsn.org/>)

Who should attend?

- Nurses with a remit for quality improvement and education
- Others in primary care and community care or educational programmes

What's on the agenda?

- Please see overleaf for detailed programme
